

Join Us in Lucy's Hometown as We Celebrate the 75th Anniversary of the #1 TV Show of All Time!

A Once-in-a-Lifetime Experience Filled with Laughter, Nostalgia and Timeless Memories

In 1951, *I Love Lucy* debuted on CBS – and quickly changed comedy and television forever. The most popular TV show in America, it redefined the sitcom and helped launch Desilu Productions (*Star Trek* and *Mission: Impossible*). Together, Lucille Ball and Desi Arnaz became the “First Couple of Comedy” – shaping American entertainment through their groundbreaking work on screen and behind the camera for generations to come.
